Very much has been said about this era in time. A time of trials and confusion. The Iranian Crisis, the fleeing of the Shah, and the taking of 80 Americans from the Embassy to be held hostage by the new Ruler of Iran, the Ayatollah Khomeini.

This era has also been one of worry and concern. Concern for ones future, and the future of the children yet to be brought into this world. And all for what? Will they have to struggle as the ones before them? Or will the circumstances change as does the tide?

But through this dark cloud, America shines with traditional culture and style. We have found a new unity of purpose and a desire to stand together for what we think is right. Even our local problems such as the desireability of I.P.P. and the frightening possibility of the M X Missile Track System being built in our backyards can be viewed in this light.

The story of our history has been told through time. Surely this has been and will continue to be an important era of history.

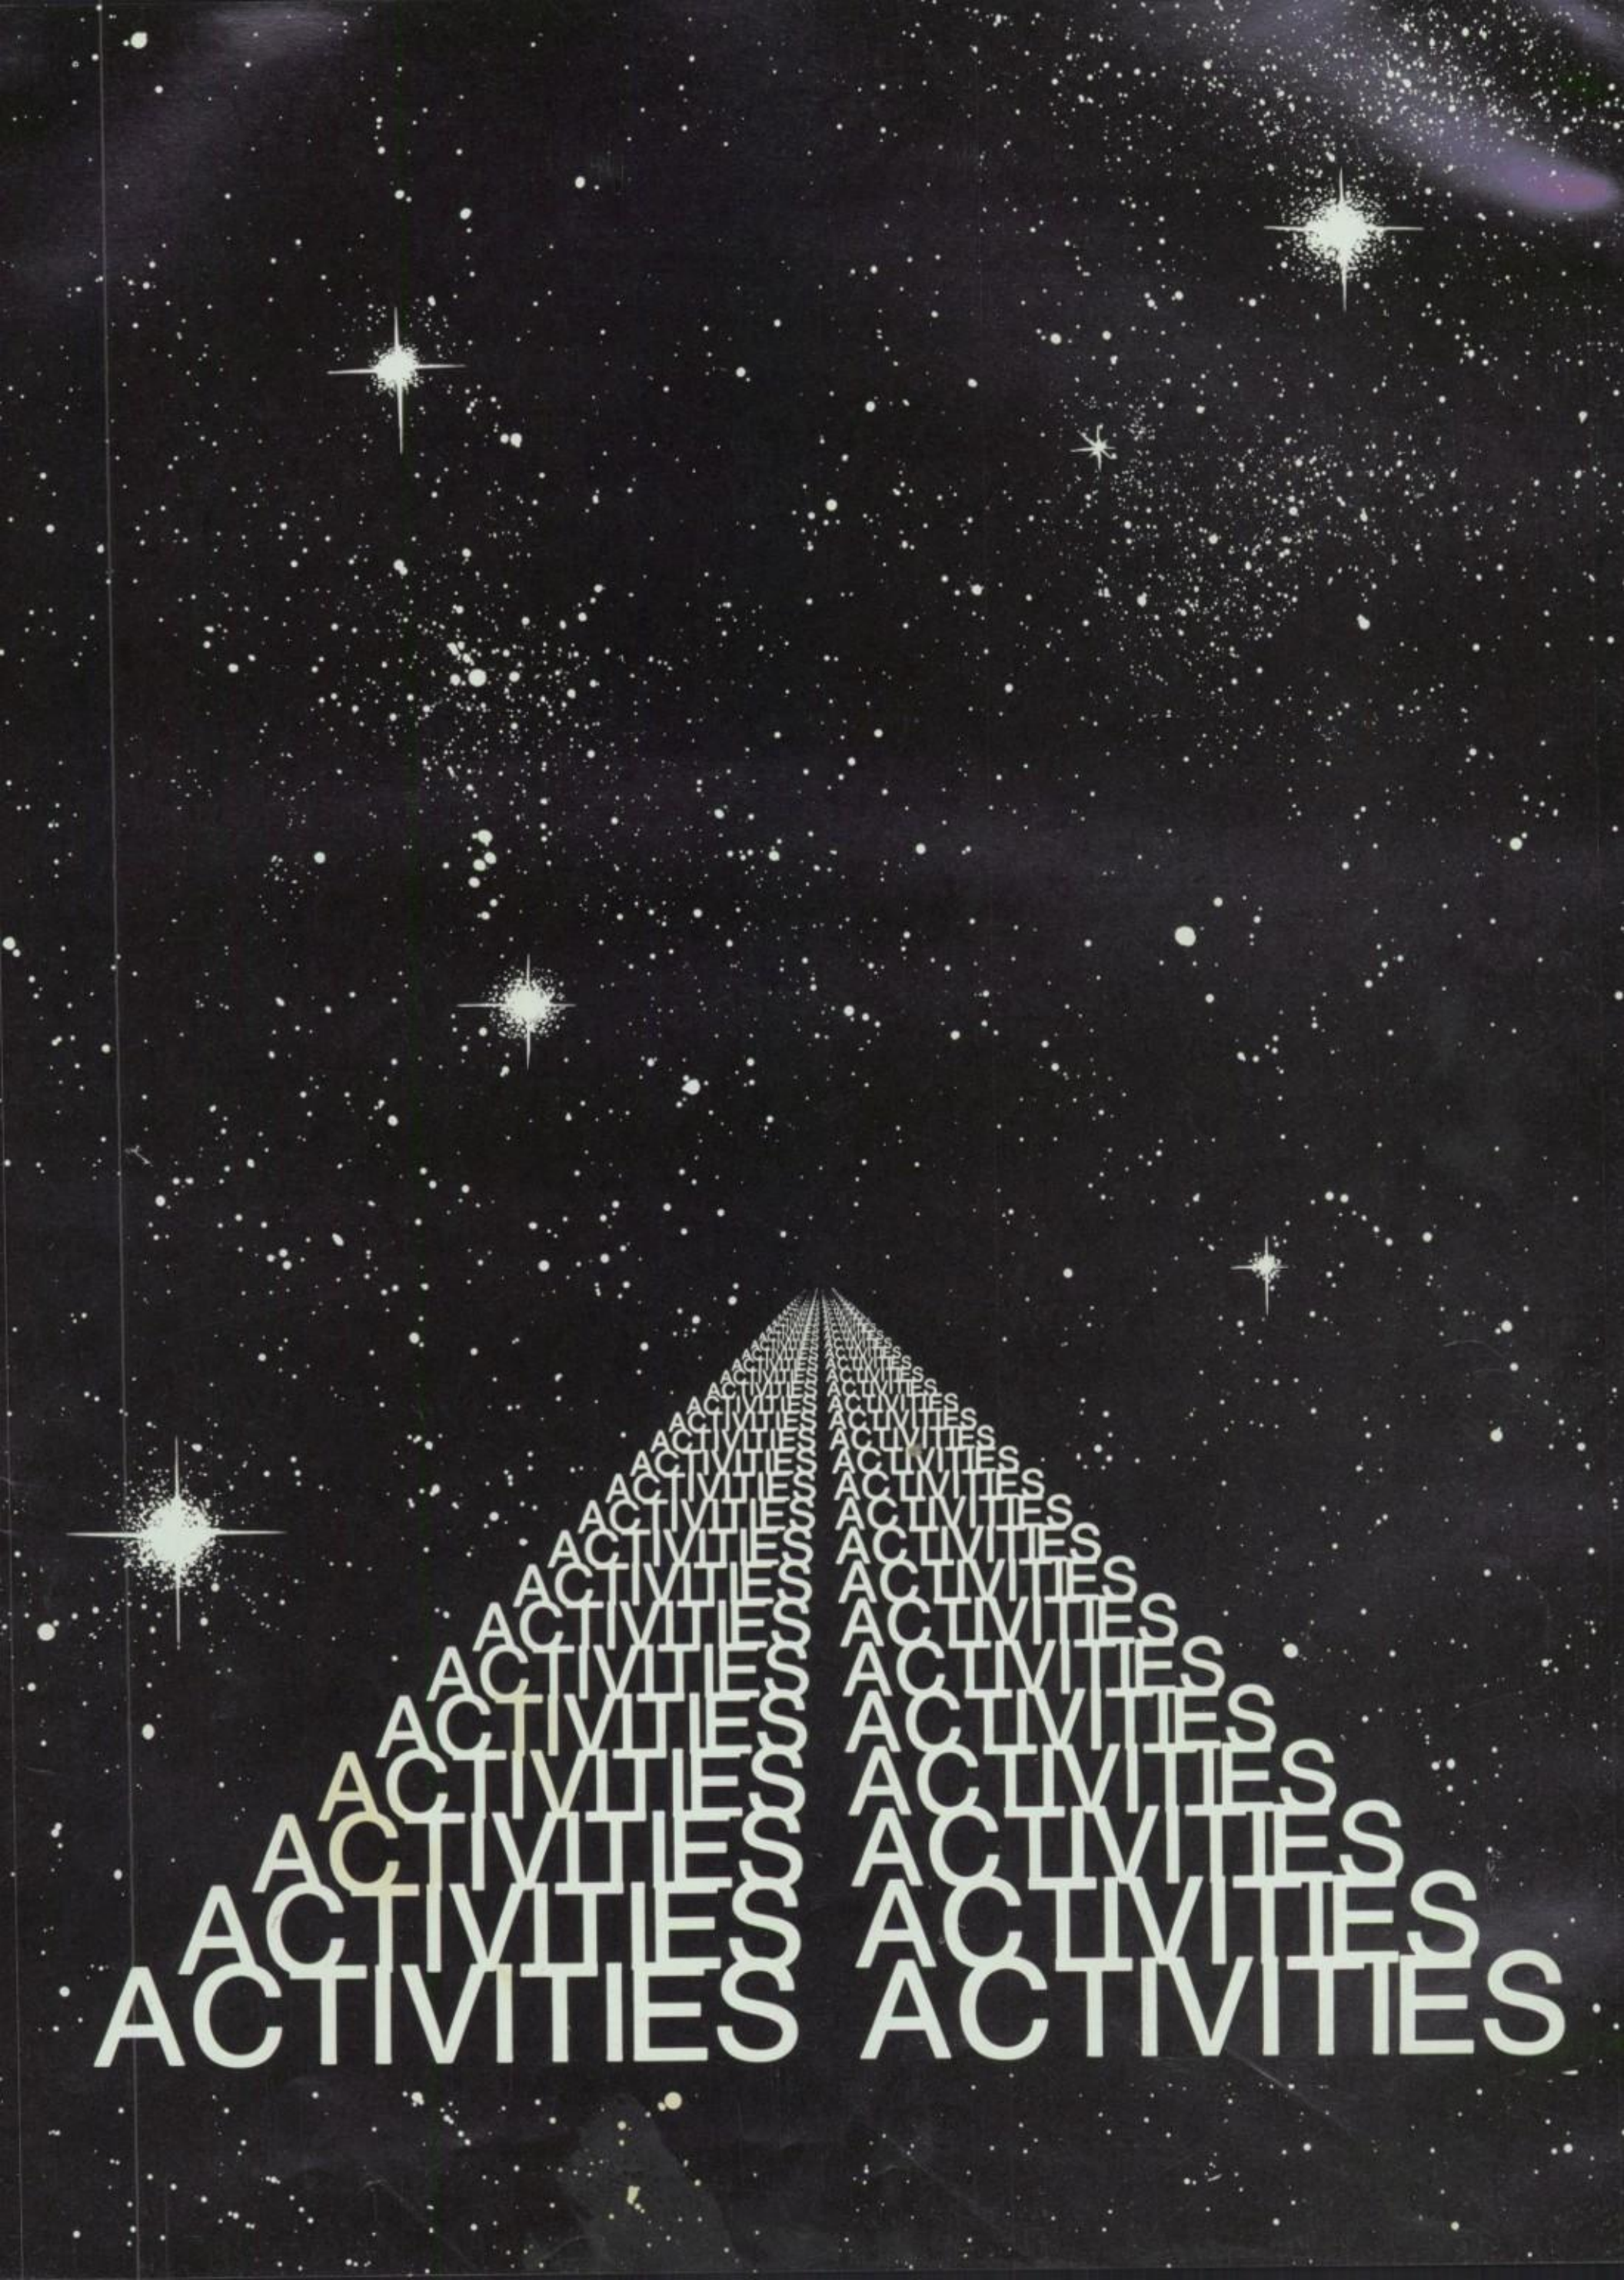
From the movies Kramer VS. Kramer starring Dustin Hoffman and Meryle Strepp, and the crazy humor portrayed by comedian Steve Martin in The Jerk, to the invasion of Afghanistan by Soviet troops; 1970-80 was a year of many happenings. Fads and fashion became chic and classy. Pencil slim skirts contrasted with full plaids and pleats. Slit skirts combined with fashion nylons,and candies or sandals with ankle straps stressed sophistication. Three piece suits and angel foot pants, along with sweaters and flannel plaid shirts were big with the guys.



ACTIVITIES

The Sophomores began their day with a short but electrifying assembly. Emcee's Jake and Helen Junior captivated the audience with a multitude of dry jokes. There were dances and skits and finally the theme song, "Ships" sung by Sharon Rowlette.

Later the class of '82 completed the night with one of the best dances of the year.

harvest ball was outstanding this year. it is always an anticipated, fun, fall activity and this years events proved to be no exception.

competition for harvest ball royalty began a week in advance. the seniors, as usual, won the point-per-dollar race with a grand total of ninety-seven dollars and forty-nine cents.

one of the better assemblies of the year began the final day's activities. each set of royalty gave a talent number and the affair culminated with a promenade down the aisle of all the queens and their f.f.a. escorts, looking very sharp indeed in their blue jackets.

the big evening began at nine. the band, "peace and quiet," provided plenty of "toe stompin, roof liftin" music. refreshments, consisting of tollhouse cookies, brownies, and punch were served.

a large crowd attended the dance and was enjoyed by everyone.

This years SENIOR BALL festivities included a movie, ENTER THE DRAGON, a wonderful and exciting assembly and of course the Ball itself.

The SENIOR BALL was held December 1, 1979. The band was Ivory Boss. The dress was formal, which included satin tuxes, long formals, and the traditional corsages and boutonnieres.

The presentation of the Senior Keys and the Promenade were the highlights of the evening. They took place amid an atmosphere of Christmas trees, a forest mural, and a woodland bridge. The color scheme consisted of shades of pink, maroon, and silver.

The dance was enjoyed immensely and made the day for a lot of happy Seniors.

Once a year a girl gets the chance to vote for her dream man and during this time there is very much excitement generated throughout the school. The girls chose ten men whom they felt were the most desireable Seniors. Those chosen were Mark Loveless, Layne Dutson, Dave Fowles, Clint Peterson, Thayne Atkinson, Curtis Trujillo, Kirtt Myers, Raymond Bishop, McKay Shields and Andy Brown.

At the beginning of the week, the TriDels took pictures of the candidates legs, and during the rest of the week the voters would drop a penny in the can next to the picture of what they considered to be the best looking legs. Students did a lot of guessing as to who belonged to what what legs as they were not identified. Dave Fowles was the winner of this unusual contest. He received a cake with decorated with a pair of gorgeous legs.

Friday the TriDels presented an assembly which was reguarded by many as a huge success. New talent was presented including an Irish singer, a country comedian, and boys TriDel march. At the end of the assembly the boys were escourted by a TriDel. Each was given a question like "what would you recommend for a fat back porch" or they were asked to show the audience a high kick.

The dance was held at the Middle School and was attended by couples who anticipated having an enjoyable evening. The floorshow involved a Jazz Dance Group which consisted of Connie Pace, Stephanie Smith, Dorene Ashby, Sharon Rowlette, and Karla Meyers. Then came the time to announce the preferred man and his attendants. McKay Shields was the Preferred Man for 1980 and his attendants were Curtis Trujillo and Layne Dutson.

ORGANIZATIONS

The students of the drama class greatly enjoyed their work this year. Mr. Lister had a way of helping the students, be they a shy beginner or a more accomplished actor, to find talent and abilities they hadn't dreamed of.

The group put on two short plays, The SANDBOX and ARIA D' COPA, for the Fine Arts Club and the Senior Citizens. In addition they presented a VARIETY NIGHT for the public that included plays and a short musical written by Mr. Lister. This group also formed the nucellus of the school play, OUR TOWN.

Mr. Lister had much to give and the students felt a new-found confidence in themselves and pride in their accomplishments.

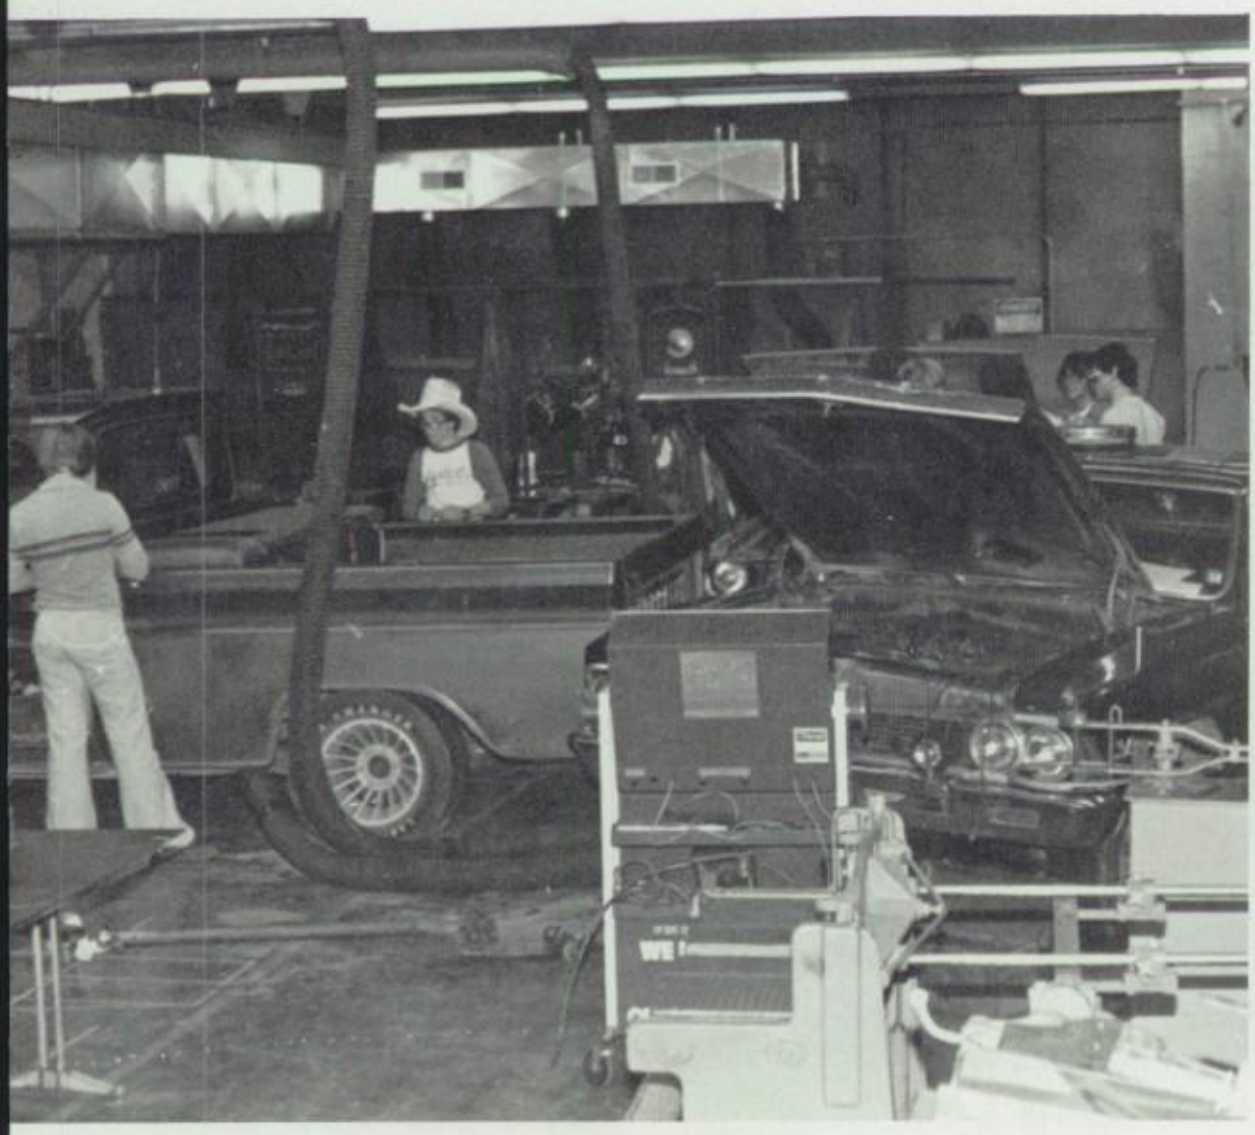
Skills that will take you out of the classroom and into the "World of Work" are taught daily in the shop classes.

Mr. Warnick spends long hours turning out skilled workers in wood. He expects and gets the best from all of his students as shown by the boys' projects. These range all the way from building a house, building and finishing fine furniture, such as beds, dining room sets and stereos, to the simple book holder of the beginner. His students always capture high honors at Regional and State Shows.

Mr. Larson is very willing to stay late and come early to help students with everything from car repair, dune buggies, stoves, and the proverbial tool box for beginners. The metals shop wins its share of honors too.

Congratulations to two dedicated teachers and their hard working students, who bring honors to Delta High and satisfaction to themselves.



GIFTED AND TALENTED is an organization designed to provide a group of Physics and Chemis students valued experiences. This group traveled around the State visiting Medical Centers and oth Chemistry related industries. This organization gave many opportunities to a few students w greatly appreciated them. Mr. Jacobson instilled a great respect for Chemistry in his students and the same time he sparked their interest and made it an enjoyable subject.

NATIONAL HONOR SOCIETY is a nation-wide organization designed to recognize outstanding igh school students. Students who are accepted into this club are examples of a high standard of xcellence. Leadership, high moral character and the maintainance of a G.P.A. of 3.5 or over are equired of each member. Dr. Lynn McArthur proved to be a diligent advisor as he arranged arious trips for the group including a college orientation trip to S.U.S.C. All members have enefitted greatly from their experiences in this society.

Loving your own culture and being a long way from home hardly makes for an easy school year. Yet few of us realize how hard it would be for us if we found ourselves in similar circumstances. These are the very things though that our Indian students face and it has brought them together in their own special organization.

We have enjoyed having these students here. They have enriched our school year. We salute the CLUB OF MANY FEATHERS and hope that they too have enjoyed the year and have made many friends along the way.

The FBLA had a growing year this year. We all grew in our skills in getting along with each other. The officers started out the year by having a membership drive in which they wore funny hats, glasses, and other items to make themselves and the FBLA conspicious.

Our other activities included visits to business schools to help our members decide which school to attend after high school graduation, activities to help build the relationship between our organization and the local business community, activities to help our members learn more about business economics and other topics, and some fun parties. Some of our members also participated in business competitions.

Thanks to all the FBLA members and officers for making 1979-1980 a good year for the FBLA.

The Marching Band combined with TriDels and Flag Corp and under the direction of Mr. Ferron Holt brought honors to Delta High. The Marching Band achieved 4th place honors at S.U.S.C., 3rd place at B.Y.U., 2nd place in Davis Cup Competition and 1st place in inspection and 3rd place at the U. of U. Competition. Much of their success was attributed to the excellent leadership of the drum majors, Mckay Shields and Connie Pace.

All bands performed in the various concerts throughout the year. The Pep Band did a good job of creating spirit at games. The bands wonderful talents were displayed while bringing music to various audiences.

The Jazz Band added a lot of zip to our assemblies. They like all of the band students went the extra mile to develop their musical skills. They often practiced as early as seven in the morning in the crisp cold air. They made frequent and long bus trips and were always willing to help out, be it a benefit or at one of our many school activities.

Congratulations to Mr. Holt on the fine bands that he has created. Much extra time, effort, and loss of sleep have been part of his regular routine. Mr. Holt you deserve much credit and you should be very proud.

Mixed Chorus provided the opportunity for many students from grades eight to twelve to improve their musical talents. These students performed varied numbers at school programs. The chorus has worked very hard this year to become one of the best groups of singers that Delta High has had.

Under the capable direction of Norman Llster the Acappella Choir participated in many activities. These activities included a Christmas Concert, Region Activities, and a performance at Cottonwood Mall. The Accapella is an excellent organization and we are proud to have them represent our school.

The Swing Choir is a greatly appreciated addition to the music department of our school. Students with outstanding voices delighted the many audiences they performed for.

This years Triangle Staff threatened to quit, worried over deadlines, and hassled with prima-donnas over poses. Yet we also felt proud of ourselves when we finished deadlines and achieved excellent pages.

Julie Johnson, the editor, is a skillful and dedicated person, who is to be complimented for a job well done. For Shauna Corry, the design of this book is a culmination of three years of dreams and frustrations. Josh Pratt has grown in skill with the years to become an excellent photographer. This yearbook would not be possible without his help.

Mrs. Turner is a very special lady. She has not only become a friend to the staff, but is like a mother. She is always there when she is needed and has worked to the bitter end with a dedication that overwhelms. We of the Triangle Staff love and appreciate her and we will always be grateful for the example she has set for us.

The Mo-Del staff with the help of advisor Jane Beckwith continued in the tradition of excellence by printing an award winning paper. Editor Kathleen Hansen also had her work cut-out for her in gathering and printing the Weird Hare-ald along with the Mo-Del. The studentbody anticipated the monthly distribution of these unique papers.

This year's cheerleaders sparkled with personality and many cheering routines. With their various pep skits, they aroused enthusiasm and spirit in assemblies that lasted through all events. Although there was a great difference in personality among these girls, they combined in a common cause and held the spectators' interest. The girls were also a large factor in maintaining our high standard of sportsmanship.

Letterman Willie Rawlinson in action!

The Lettermen's Club was organized to help promote better school spirit and to encourage each athlete to do his best. To become a member of the club, an athlete must earn a letter in a sport at school: basketball, football, track, wrestling, baseball, or tennis.

With the support of the students of Delta High, the Lettermen's Club is working toward a better school for all.

Clockwise from the Center: Kathleen Hansen, Lori Durson, Lisa Topham, Kelly Meyers, Julie Bishop, Pam Christensen, Marilee Morris, Kim Rowley, Conn Pace, Julie Stanworth, Sheila Losee, Diana Clark, Shelly Memmott, Diane Fowles, Marjorie Taylor, Peni Talbot, Shaunna Ross, Cynthia Cox

Aside from the five characters who stayed the night in the gym and the unusual situation of heels coming off boots during performances, the Tri Dels had a good year. The goals of the club were to have the girls leave the club with a better understanding of association, and to try and lift the image of the club by not only changing the uniforms, but by staying within the weight limits. By setting these goals, the girls had better attitudes, and worked hard to become a better club.

Not only did Cathy Ashby show leadership as a Tri Del Advisor, she was a good friend to the Tri Dels. Cathy often carried the load as she struggled to push work efforts before a deadline. In her attempts to unify the club she made it an enjoyable year for all.

Sheila McArthur is one of the most comical music mistresses the Tri Dels have had. She lightened up those early morning practices and lifted spirits when they were down. Aside from her job as manager, she often starred in many hilarious situations which added to the unity of the club.

In only its second year in exhistance, Flags has proven to be one of the most colorful and exiting organizations in our school. Originally organized to be a part of the marching band, they expanded their activities this year by marching at some of the basketball games. They look great and perform well and this year they achieved 3rd place in the Davis Cup Competition. We are all proud of this group and the way they represent our school.

we are the future homemakers of america. we face the future with warm courage and high hopes, for we have the clear consciousness of seeking old and precious values, for we are the builders of homes. homes for america's future, homes where living will be the expression of everything that is good and fair; homes where truth, love, security and faith will be realities not dreams.

the members of the future homemakers of america enjoyed many fun activities under the supervision of lynette johnson, and julie johnson. the activities included-opening and closing banquets, mill hollow, grandmas, parties, state fair, both region and state convention, and much, much more.

The year 1979-80 has been a very rewarding year for the Delta F.F.A. Chapter. We have many outstanding members who have participated in such areas as livestock judging, stock shows, crop and soil judging, and public speaking proficiency contests.

Greenhand Day, Chapter Farmer and Sweetheart Contests were just some of the Chapter activities that members got involved in.

Three members of our chapter attended National Conventions. Sherie Jensen and Howard Webb attended the National Leadership Convention in Washington, D.C., and Sherie and Marjorie Taylor attended the National Convention held in Kansas City Missouri.

There are many reasons for the successes that the Chapter has achieved. One is the dedication of its many fine members. Another is wisdom, knowledge, and the dedication of an outstanding teacher, Mr. Little.

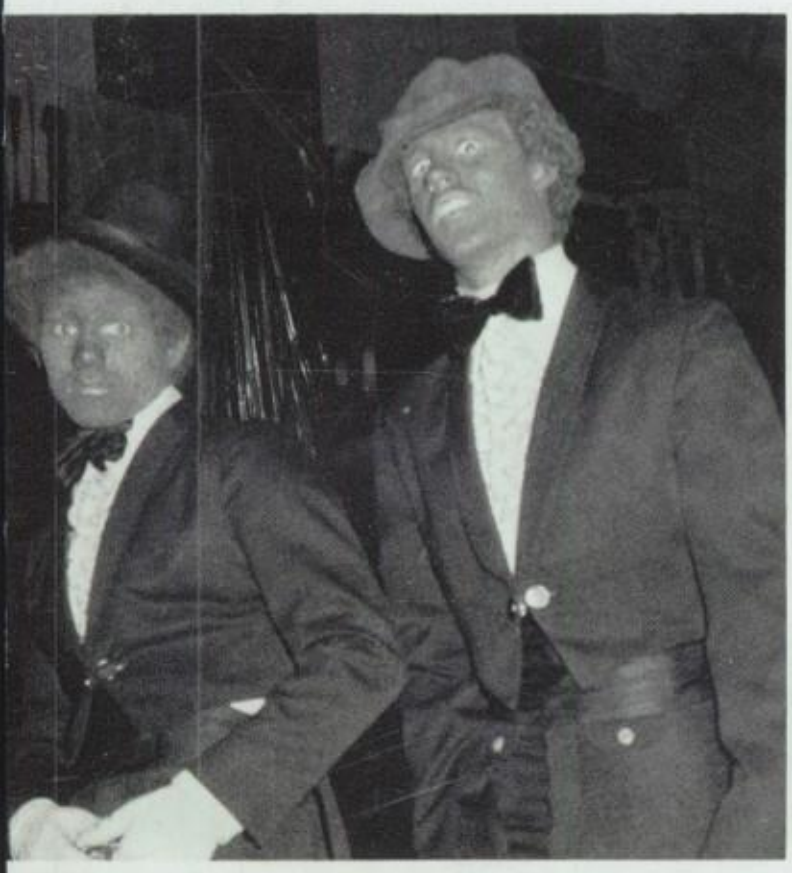
This year's Sweetheart Ball was held on March 21st in the D.H.S. Gym. At the beginning of this week the finalists were chosen. These ten finalists competed to become the royalty by participating in the following events: milking cows, bucking bales, tractor driving, pig chasing, cake decoration, taking a test and displaying their talents. "Peace and Quiet" provided the music for the dance, held in the chosen royalty's honor. The ball was held from nine to twelve p.m. and was enjoyed by all who attended.



Front: Kelly Meyers, Brenda Tolley, Margaret Moody. Back Row: Marjorie Taylor, Kim Rowley, Mary Ann Reece, Sheila Losee, Pam Holman, Diana Terrell, Mary Nielson.

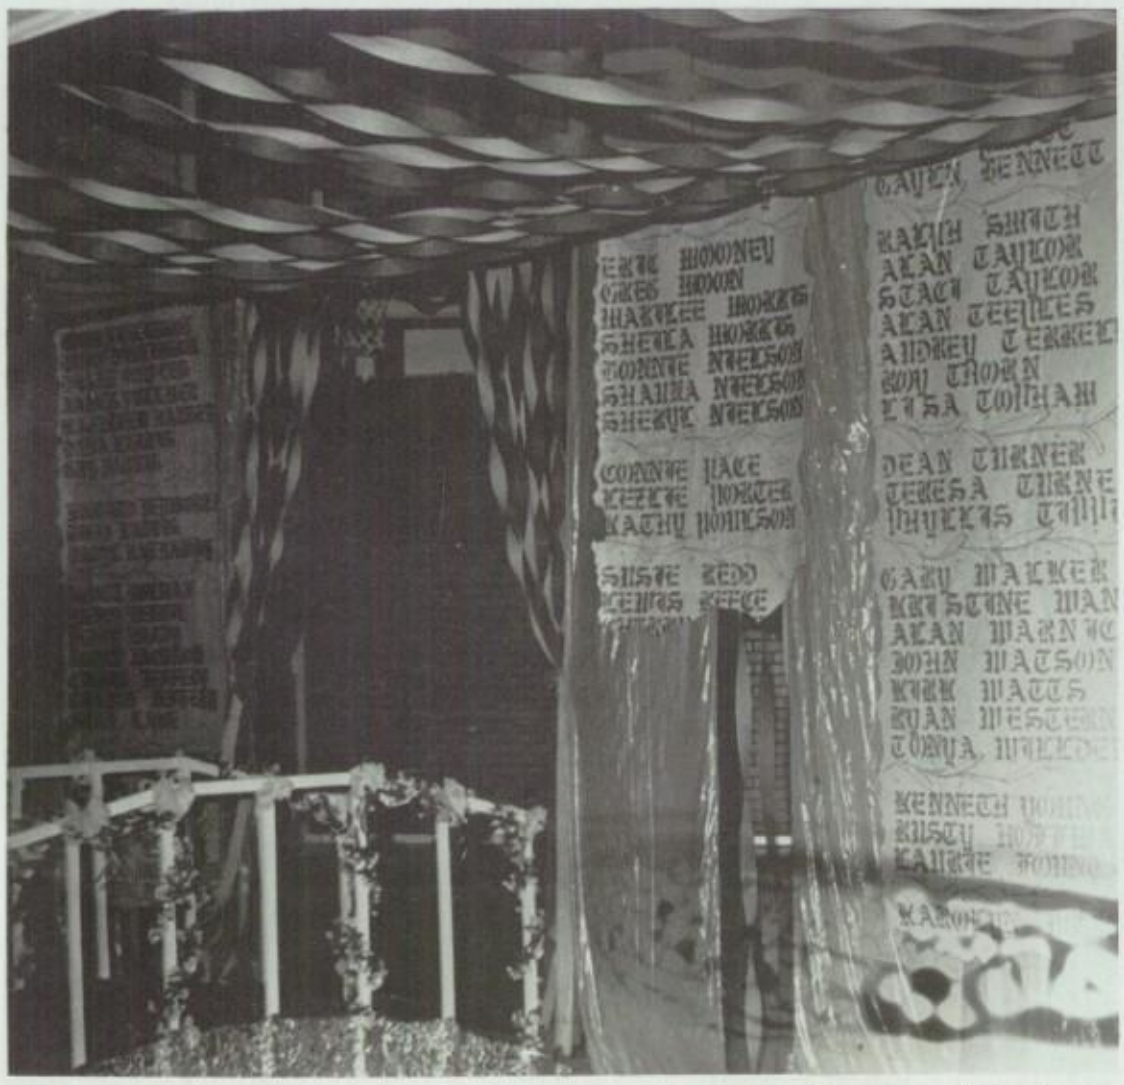
The Buddy Danced proved that a friend is really a friend, especially if she will see to it that you get fixed-up with that special guy that you have always wanted to date, but it never quite came off. Dates were by girls choice and a friend arranged the match. Sponsored by the Delreens, the theme of the dance was "Wishing on a Star." Spot decorations featuring stars added to the atmosphere. A large crowd attended and everyone seemed to have a very good time.

The Freshman assembly was held the day before the Frolic. The audience was captivated by Gaylen and Lori's dry jokes, but the highlight of the affair was when Beulah Boone (LeAnn Henrie) sang "You Light Up My Life."

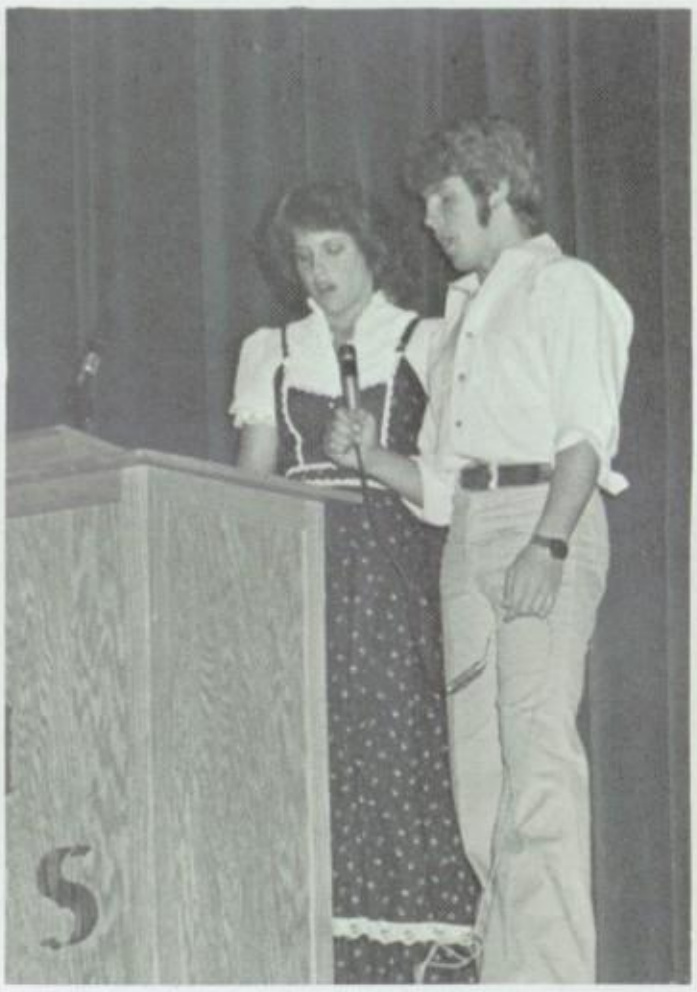
April 12, 1980 in the D.H.S. gym was when the action really began. The Freshmen, accompanied by Paul Orchard from K-96, flashing lights, a strobe light, and a disco ball had the time of their lives.

This years Juniors had a couple of problems with their assembly, but the dance was well organized, with everyone participating to decorate the gym. The decorations were done in white and pastel colors and both plastic and crepe paper were used to good advantage. The highlights of the evening were the receiving of class rings and the couples dance, which was part of the floor show. The parents also attended in good numbers and after each Junior danced with their parent, they stayed on to dance and help make it delightful occasion.



Sponsored By Benny Schena & Son

The Eighth Grade had a good assembly that was well supervised and very well organized. They enjoyed the Jr. Jr. Prom on Saturday night, enjoying the beautiful decorations put up by the Juniors. They had a "blast" as they danced the night away to the music of John Morris, D.J.



As each school year moves along, new people come to our school in various capacities. Some are teachers, others student teachers and the majority of course are students. Each of these people bring their own unique personalities and talents and help to enrich the school year. We welcome them to our school, hope they like being here, and thank them for the contributions that they have made.

"O Good Grief" was a common line in the musical production of "You're a Good Man Charlie Brown." A day in the life of Charlie Brown was punctuated by "I Can't Stand It," and feelings of despair. This outstanding show reached out to the audience and made them feel and experience the joys and sorrows with Charlie and the other characters. This musical with no central plot, hit the funny bone of all who saw it. It will truly be remembered as one of Delta High's finest small cast productions.

Fred Adams and Miss Beckwith once again successfully directed this years Shakespeare Scenes. Scenes from **As You Like It, Hamlet,** and **Twelfth Night** were performed on May 16th.

The small cast worked hard during early morning and late night practices to bring the program together. Those who participated and attended gained a greater appreciation of Shakespeare and also Coach Peterson's acting ability. If he ever decides to give up wrestling, Broadway is ready and waiting for his talents.

Sneck Up!!!

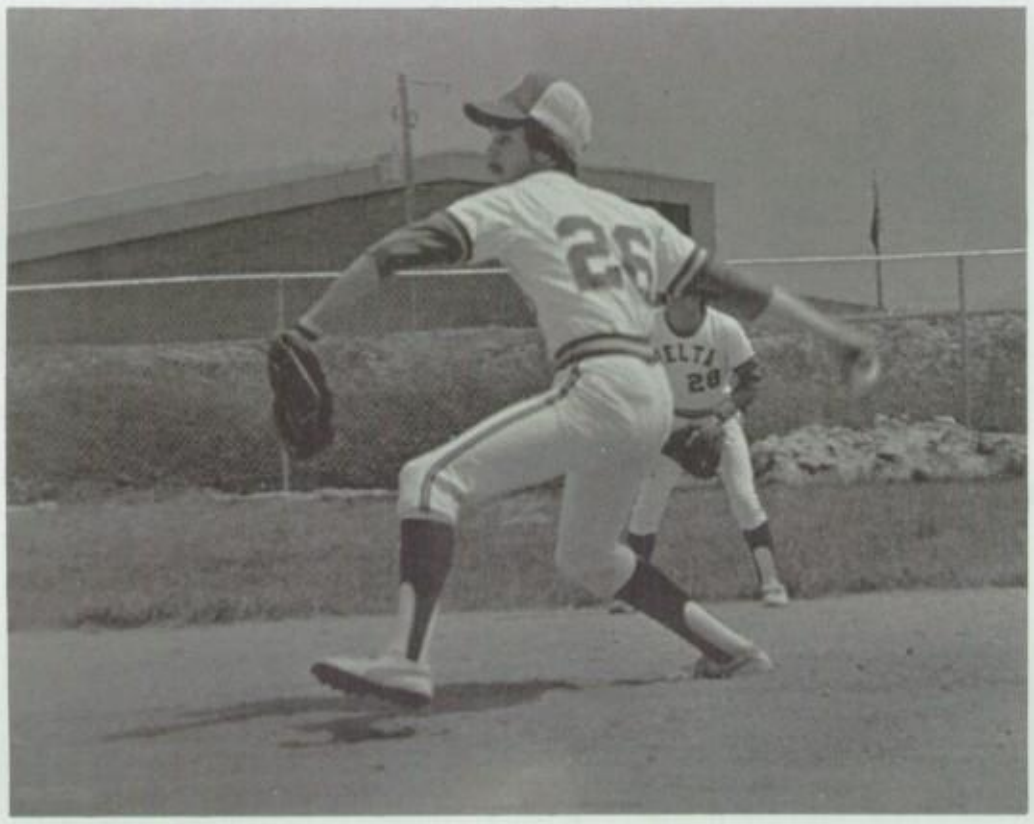
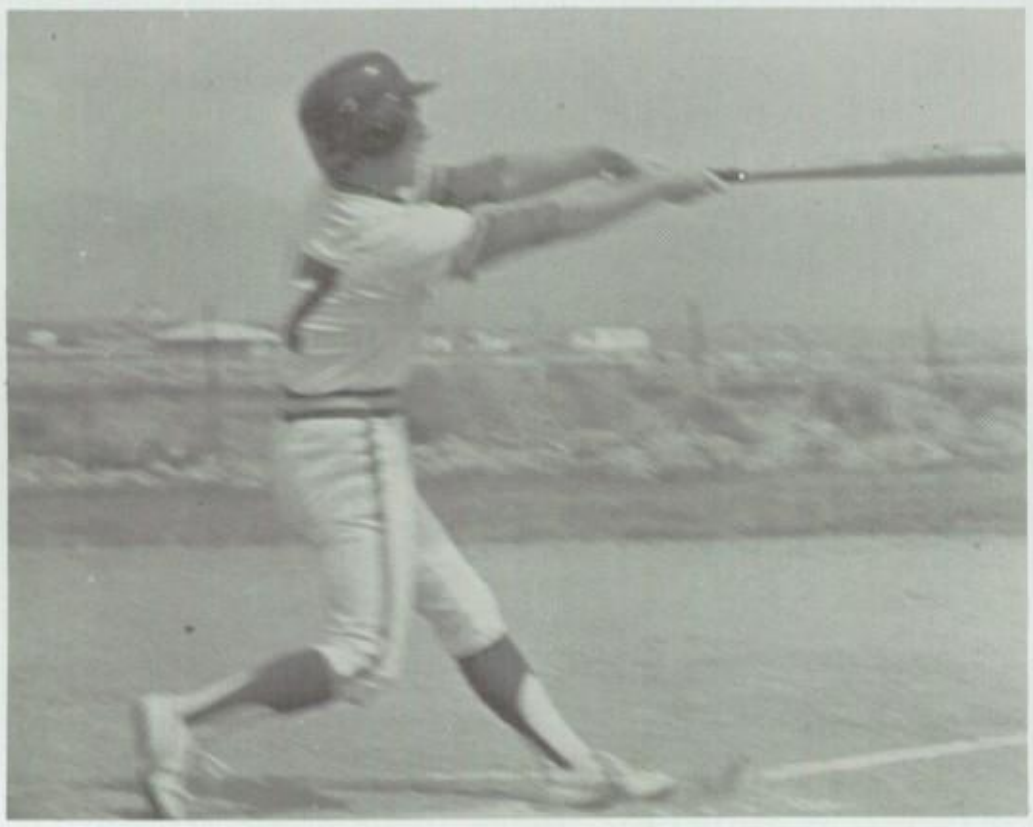
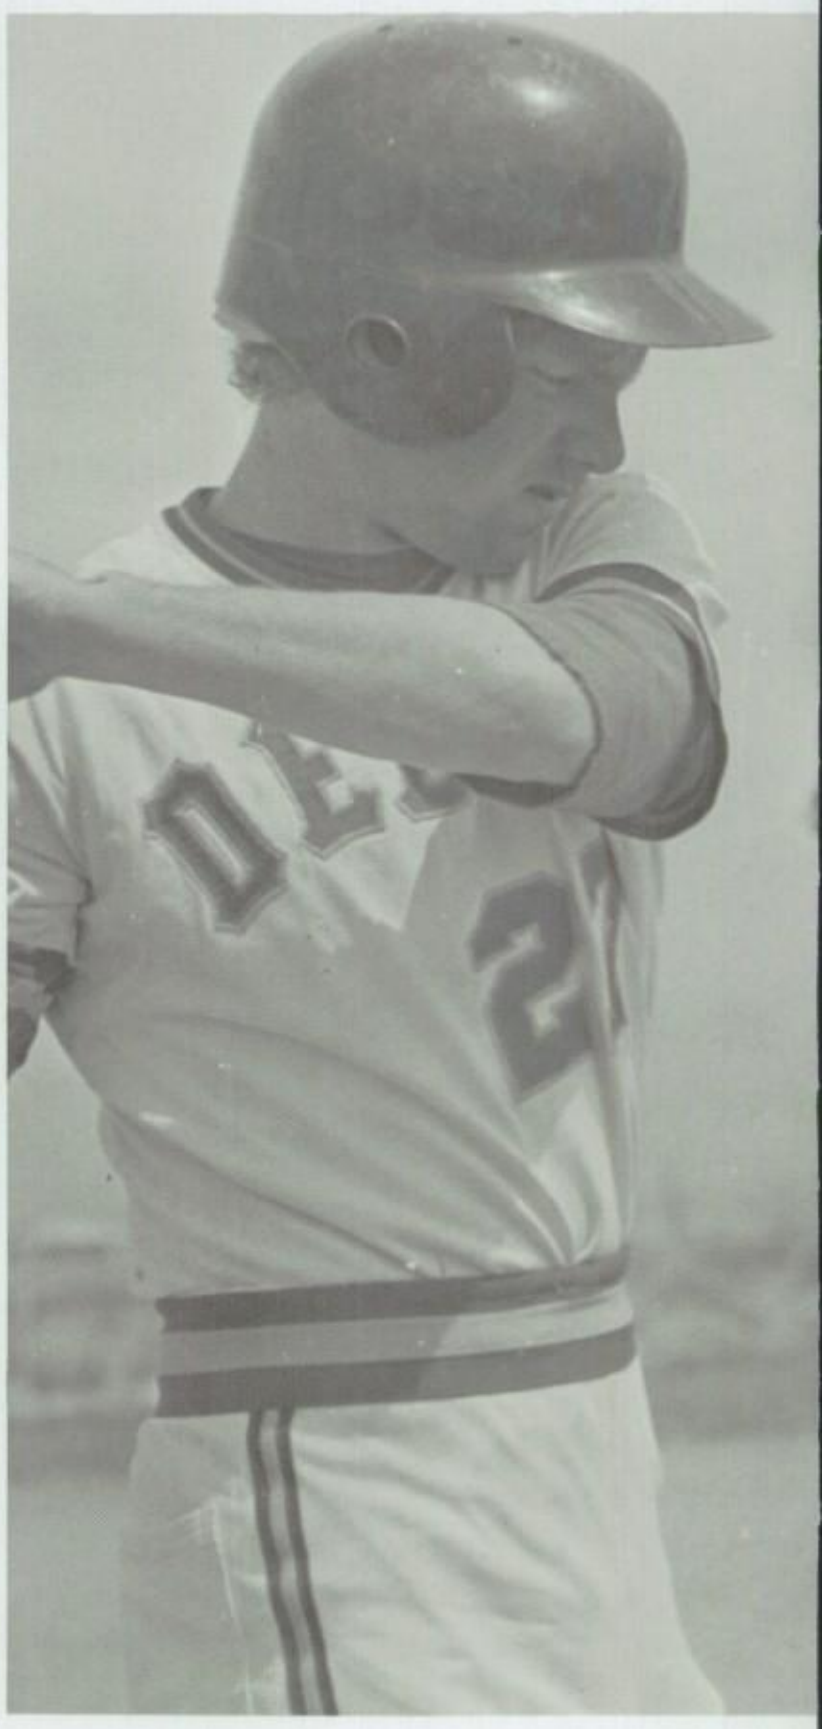
Coach Rick Bishop's Baseball Team played a rather short season this year under some very adverse weather conditons. The team, including some boys who were on the young side, worked long and hard and at the same time had fun. All in all it was a good year for the Delta Rabbit's Baseball team and they exhibited team spirit and sportsmanship wherever and whenever they played. They were always a credit to the school and represented us well.

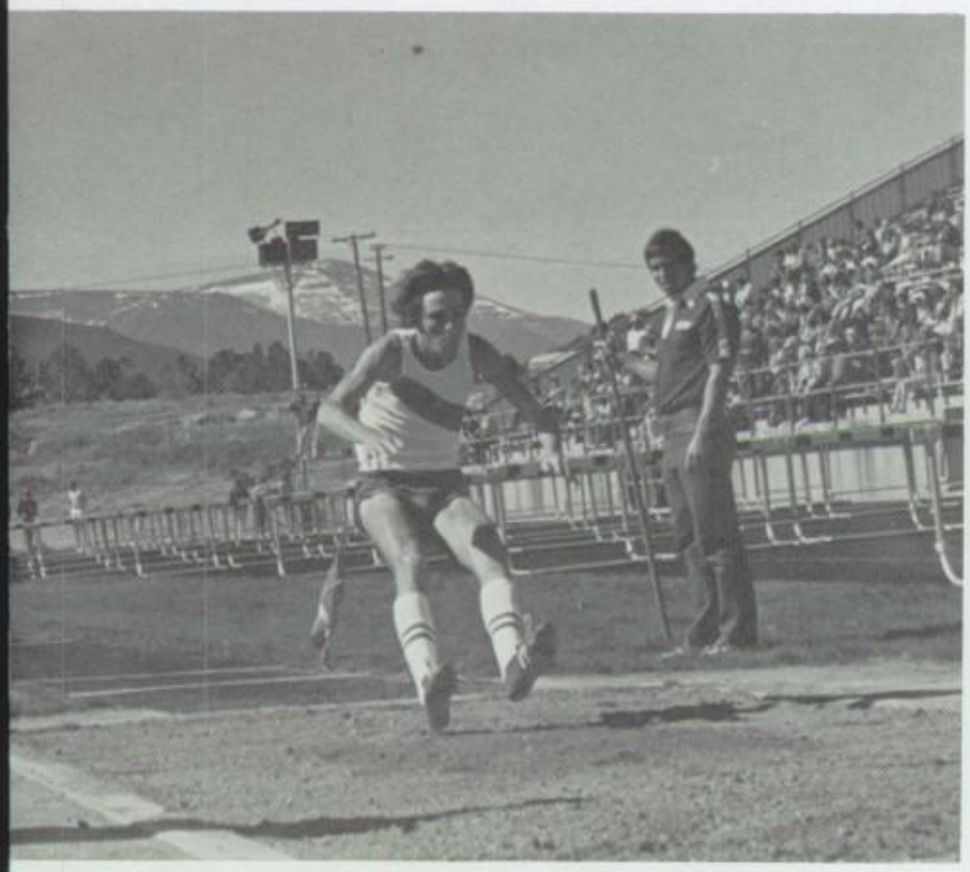






Sponsored By Lovell Inc.

Coach Dale Jensen's track team was small, only twelve members, but they proved that practice and desire could do the trick. They put in many hours of work to try and equal or surpass Delta High's previous track records. They were able to do well, both at Region and at State, with Willy Rawlinson capturing the high jump title at both. These boys were a credit to the sport and to their school and we congratulate them on their achievements.



Sponsored By Sears-Dorothy And Elwood Bladen-Owners

One area of pride at DHS is the Industrial Arts Program, woodshop and metals shop, under the direction of Mr. Warnick and Mr. Larson. Each year the boys in these departments compete at S.U.S.C. in Cedar City with schools from all over Southern Utah and Nevada. Every year for the past several years they have swept the competition, winning many blue ribbons and the sweepstakes. This year proved to be no exception. Later in the year they took some of their best work to a competition held at B.Y.U. Here only four places were given in each category. Alan Warnick received a Blue Ribbon on his china hutch and ribbons were also won by Layne Dutson, Dave Shurtz and Kenneth Christensen. This is an outstanding achievement considering the keen competition they encountered.

The Graduates of the Class of '80, The Class With Class, left the halls of Dear Old D.H.S. with mixed feelings. Probably foremost in our thoughts was a sense of happiness at being finished, of having completed the goals set for us and having made it! Yet there was a certain feeling of apprehension, this had been a safe harbor. Everything was scheduled for us, we had been loved and cherished, and magically someone paid the bills. Now we would be on our own to work, study, and make our own decisions. There was a touch of sadness too, we had been close, now each would go his own way and it would never be the same again. But no one can take away the beautiful memories of our time here. They will be ours forever.

·All students have an opportunity to express their opinions in school government through the elected presidents of all clubs and organizations, the class presidents and the student body officers. The STUDENTCOUNCIL had many problems and tears, but had many happy times too. They fought the cross-country rivals in the Mud Game, were faced with encouraging school spirit, and worked to clean up their acts and to get the studentbody to do likewise.

McKay Shields was the Student Body President this year. His personality and good looks were helpful attributes in carrying out this position. He is full of D.H.S. Spirit, an important part of being president. He worked many long hours arranging parties, helping clubs, answering question, and doing what we wanted and needed, besides his other jobs. He is a president Delta will long remember.

Kelly Meyers was Student Body Vice President and Lorie Smith was the Secretary. They stood by McKay ready to help and fulfill the requirements of their positions. They helped plan assemblies, kept the minutes, and functioned in various different ways.

Principal McArthur was present at most of the meetings. He kept us on our toes by giving us pep talks, ideas, and calling our attention to problems.

The Sterling Scholars of Delta High were chosen by the faculty to represent the school in competition with fourteen other schools from Central Utah for the Sterling Scholar Awards. All applicants prepared a portfolio of their academic achievements, special awards, and serd service activities. Judges examined their portfolios and interviewed each candidate personally before selections were made. These students are to be commened for the high standards they have maintained here at Delta High that help them to represent our school in such a worthy manner.

Student activities and education at Delta High School were regulated by superintendent Kenneth Topham and the members of the school board. The members of the board gave willingly of their time in serving the educational purposes of the community and planning ahead for the projected growth which is soon to come.

Tangled in a web of detail, pressure, and public relations, they work toward juggling the human parts of the education process into a smooth production.

The School Board, with the superintendent and other school officals, was largely responsible for the school programs which were provided for us.

Superintendent Kenneth Topham

The very heart of any school is its Administrative Staff. They see that everything is scheduled and runs smoothly. Here decisions are made, judgements are meted out when we deserve them, and here we can find a friend, counsel, a listening ear, and help with our problems.

They help promote school spirit by always being present at all school activities and lending their enthusiasm and support.

Being the persons responsible is not always easy and you don't always win first place in all the popularity polls. Nevertheless a great deal of the success we have had this year has been brought about through the efforts of this fine staff. They truly have the love and respect of the students.

Q. Who spends their leisure time supervising dances, bus trips and athletic events, often with little or no thanks.
A. The Faculty

Q. What group councils you, sweats the survival test with you, is willing to take time to explain a difficult problem or to just talk.
A. The Faculty

They work with us, agonize with us and hope to see us do our very best. They don't do it just for the money; they must like us.

Lauena Fullmer, Barbara Lazenby, Marge Cox, Bonnie Ivie, Arlene Nielson, Yvonne Shurtz

Two groups of very dedicated and hard-working people are the cooks and the custodians. They work endless hours and try very hard to please.

The cooks supply our studentbody with various dishes that titilate our appetites and stimulate our senses. They are also always ready to serve meals early or late to help out the schedules of the schools various activities.

The custodians are always working hard to keep our school beautiful. These dedicated workers arrive at school before anyone and they are always the last to leave.

We appreciate our cooks and custodians and we would like to thank them for their efforts.

ATHLETICS

rabbits

in football action

Sometimes when we aim for the top we fall short. That is how strong men are made, not by always succeeding but by always trying.

They practiced hard each day, starting in the heat of summer. They played hard, battling away to the final gun, sometimes in the cold and often a long way from home. They were rewarded with a better than average season.

Winning is "old hat" for the Rabbits, but they took each loss with a dignity that gained them the respect of all their fans. Each gained from the football experience in his own way and because of it will be able to face the challenges of the future, be it another year of football or the challenges of the game of life.

A new coach and few experienced players were contributing factors in a less than hoped for basketball season. No one, however, could say that either the coach or the team ever gave less than their very best. What more could be asked of them? We are proud of the way they hung in and give it their best shot.

Our Junior Varsity and Junior High teams worked hard this year too and the future looks bright for this sport.

Winning is easy, but real characrer is evidenced in a year like this. There is more to pride than being number one. We salute you all for the kind of men you are!

Delta's winning team cheers opponent!!

The Girls Basketball Team had a great year this year. The team was a good representative of the studentbody, being madeup of girls from each class. Under the very capable guidance of Coach Bunker and team captains Diana Terrell and Kaye Loveless, everyone on the team played well and had a good time. As the echoes of "We're Home" sound through the corridors of their minds, the members of the 1979-80 Delta High Girls Basketball Team will look back on this year with fond and loving memories.

AGAIN

and Again and again for seven super years the Varsity Wrestlers have paid the price that has made them State Champions.

Coach Ron Peterson has worked a special magic according to some, but we suspect it is hard work, dedication, strict training rules, and his ability to inspire and promote confidence, that has made it all possible. We are especially proud to have this man represent our school. He exhibits good sportsmanship and handles himself and his team well.

Wrestling is not an easy sport. Each participant has his time in front of the crowd to do his own thing. If he makes a mistake, it is not a team mistake but his own. We admire this team, their courage, their willingness to work, to diet, to wrestle off each week, and to come through under pressure. We are indeed proud of their record and the way in which they have represented us.

State Champions do not just appear overnight. Long years of work and competition have gone on before. It all starts in Elementary school with Little League Wrestling and continues on through Middle School and Junior High.

Large numbers of young boys start out with the Varsity Team as their heroes and a burning desire to be Varsity themselves. Lots of nights of practise, competition, long bus rides, disappointments and victories mark the way to the weekly J.V. wrestle-offs to see who will wrestle varsity for the week.

Things often do not turn out as each boy hopes, but he is the better for having tried to reach his goal in this program.

How much hard work and patience has gone into each girls volley ball game? Few but the team, parents and the coach will ever know. This year our team has done exceptionally well and won many of our games, and if not won, come far to close for the comfort of the opposing team. Fired by enthusiasm and talent, the spirit of competition has run high. Thanks to a wonderful team.

How did you
like Are band Trip
I had fun but Anyway
Have fun this summer
P.S. Don't get
in to much trouble
With CLARKE
Later TINA

Marcia,
How did you enjoy the band trip? (Never mind, don't answer that!) You're really neat, cute, funny, etc, etc etc... But even if you die all that have a fun summer anyway Ok.

Wow!!!!...
This year has been great. I was very dumb the first of this year but I was only still a chicken and a little on welfare But I finally came around I seen the light. I got brave enough to say Hi. my first well meant HI. It seems like I am born again Wild What should I write ... guess what I just said. my life has changed since I said Hi from the dungeon to the Clouds the water tank was really not worth running to except to hope that I would see ya. This year in Sports I could not of done any thing without you. those notes help alot. you will never know how much that helps I better see you a lot this summer Oh ~~help~~ helps Thanks for helping me make it through this year I hope it will continue forever

Love Clarke

Dear Marcia.
I hope you had a good year. You have been quite running motorcycle on sunday with cheryl because I can't get quite dangerous Well have a good summer but stay out of trouble.

See ya around
Deann Devenport

marcia,
I hope you get your leash for Clarke!
Be good this summer but still have fun.
(this looks like a poem of some sort)
I'll probably be up this summer to
visit you so be prepared.

Dear Marcia

I am so glad this
year is over. I want
to say you at the very
end. I think you are
really good looking. Clarke
has really good taste in
women - Marcia don't do
a thing I would
do okay. You are
really nice hope to
See you again in

Dear Marcia,
I'm glad that you were
in my Geometry. You're
a really cute girl. It's
hard having the same name
cause I think someone's
calling me + then calling
you. I have fun with Clark
this summer & be good.
